Subject: Top 5 Questions

Just worked these out with John Senn. – George

- 1) What are the observed and potential impacts to drinking water?
- 2) What are the observed and potential impacts to agriculture?
- 3) What are the observed and potential impacts to the River ecosystem?
- 4) What is the EPA doing at the Gold King Mine to prevent future impacts to the river system/
- 5) When can I use the water (for drinking, agriculture, recreation).
